Board Message

From the Board of Directors meeting on March 20, 2024

We have been approached by a member claiming to represent concerns of up to 25 members of our association. We have been presented a list of subjects they would like to address to the Board, and these items will be addressed. The final list conveyed, includes the budget, a conflict of interest, amenities and services offered compared to other associations, and our HOA dues.

Most of the items being presented are resulting from questions that are being asked based on misinformation provided by a member most of us know to make false statements. As members become informed of the actual facts, they usually drift away from those giving the misinformation. However we understand that these items still need to be addressed, in the interest of openness and transparency, one more time.

Our budget has been presented in line by line detail at a budget presentation several months ago. It is also available for review on our website that all members have access to. The main and largest impact items causing the increase to our HOA fees this year, are increased insurance and an increase to our reserve funding identified as necessary by the reserve study we recently had done. Adding in the electric costs for our street lights results in the total increase to our HOA fees for this fiscal year. These items result in a \$90.59 quarterly increase. This should make it obvious to everyone, that there has been no funding for any discretionary spending added to the budget.

These numbers were given to the source of the misinformation in detail at the close of the "Meet the Candidates" town hall, yet just days later, the choice was made to mislead the people who believed him, leading us to where we are today. Maybe the better question you should ask is "what reason does this individual have for setting you up with information known to be false"?

Also being asked for is a comparison of amenities offered, compared to other neighboring HOA's. This might be relevant before purchasing a home, but as we are maintaining the amenities that were here when you purchased your homes, to the best of our financial abilities, and as required by law we see no reason why this is relevant now as the amenities have not changed and are listed in our governing documents.

Concerns were brought up over a possible Conflict of Interest regarding a Board member who happens to be a Real Estate Agent. Although there are communities where homeowners are required to notify the management when they are planning on putting their home up for sale, we are NOT one of those communities. The only way anyone finds out about a home for sale, is if the homeowner chooses to tell them, most likely because they want them to be their agent. There is NO Conflict to discuss, as no one would suggest that some group should be allowed to prevent a potential homeowner doing

business with the person of their choice. In addition, now that you have been informed of these facts, it would be an appropriate time to stop going around our neighborhood spreading what you now know to be false concerns.

The last issue brought to our attention for discussion at the meeting was a request that some accommodation should be made for people on fixed incomes. It is hard to understand what accommodation was being suggested. It would be legally impossible for a Board to randomly assess fees based on an individual's financial ability to pay. If you think for a second that one individual could be forced to pay another's bills, you should feel free to contact that individual and ask them to do so. The Association is unable to do that for you.

On a more upside note, we have spoken to our law firm and have agreement that we will be handled by a different attorney in the same firm. This attorney will be backed up by the lawyer we engaged recently, and highly successfully, for the Facility Event Use Agreement, and additionally by the senior partner who will be directly involved for some initial change of representation.

Our Pickleball court has received an upgrade, new lines were painted to replace the failed tape markings. This was done by the Pickleball group at no expense to the association.

We are seeing an increasing level of events being brought to us by the entertainment committee, which has started to generate interest and involvement from some neighboring associations. This can lead to more options for events to be planned for the future.

Lastly, we have been discussing for the last 3 months, that First Services should be given an opportunity to make a presentation as to what they do, and can do for us. Scheduling issues look like things are finally falling in place and they are expected to make said presentation at the April Board meeting. It's being suggested that those of you who question the value of a management Company, do your best to attend so you may be able to make an informed evaluation.

Going forward, we see no reason to repeatedly address the same misinformed statements being brought to meetings, often after spreading these false statements throughout our community and damaging all our property values when these falsehoods are posted on social media such as Next door. Facts are readily available to everyone on our Coco Wood Lakes Website. Don't listen to others who are spreading misinformation, just attend Board meetings or look up the facts in our documents for yourselves. Make your own informed decisions.

Coco Wood Lakes is doing well and is a great place to live. We think so and hope you do too.

Would you like to get just a little more involved with our Community Events, but not give up 100% of your free time ?!? The Entertainment Committee is seeking VOLUNTEERS, both Women & Men. We are creating an E.C. Volunteer Group. Whenever we have Events, we will email this group with our Volunteer Needs ... if it's something that you'd like to do and have time for ... it's a win-win for everyone. Wonderful opportunity for new Residents to get involved or even people who have lived here forever and don't feel like part of the community.

It can be something as simple as: Set-Up for Events, Clean-Up after Events, Kitchen/Serving help during Events, Operate Lights/SpotLight, Baking, running 50/50 Raffle, Grilling, Creating Flyers, Decorating, Greeting Guests ...

Or, if you would like to co-Host an Event along with the Committee, let us know!! Have you been to an Event or heard an interesting Speaker that you feel our neighbors would enjoy ... speak up. Suggestions are always welcome !!

To "sign up" to receive emails regarding Volunteer please email joannorlando@ymail.com. If you're not already on our email list and would like to be, please send email to JoAnn.

The saying is "it takes a village..." This is an awesome "village" and we welcome your help !!
