Phone: Unlimited with 29 features & voicemail

What Makes Blue Stream Fiber Different?

RELIABILITY

- Fiber Optics (No Shared Network)
- Protected Network
- Wall-to-Wall WiFi Coverage

CUSTOMER SERVICE

- Dedicated Account Manager
- 100% US-based customer service

BEST TECHNOLOGY

- Symmetrical Speeds from Fiber
- World-Class TV: TiVo DVR, Google Apps, Voice Remote
- Future Proof with Contractual Upgrades

What Makes Fiber Different?

Traditional Coax Network

- ☒ Shared Bandwidth with ~ 300 Homes
- ☒ Amplification of Signals
- ☒ Limited Capacity
- ☒ Vulnerable to Environmental Factors

New Blue Stream Fiber Network

- ☒ Improved Reliability & Uptime
- ☒ Faster Speeds
- ☒ Future Proof
- ☒ Increased Home Value

Customer Service Guarantee

- Dedicated customer support line
- 1 minute or less average speed to answer
- 100% US-based customer service
- Guarantee speeds and 99% uptime
- Performance reports available
- In-home one-on-one training at installation

Customers Love Blue Stream Fiber

4.2 stars

5,710 Google Reviews

BBB Rating: A+

#1 Fastest Cable Provider Nationwide

Mid-Sized Provider Category

Easy Install: Highly Satisfied Residents

“Chad was extremely knowledgeable, **professional and prompt**. A credit to your company.”

“**Courteous Efficient** and took care of the problem +++.”

“The technician was **very knowledgeable** and able to set up the TV and **made it look outstanding with color and explained the remote usage** as well. Plus, I was able to get service in 24 hours.”

“**Very knowledgeable and he was very informative**, and everything is working much better. Very glad we got this individual to take care of the problems we were having.”

Average NPS by Industry

Net Promoter Scores vary widely by industry, as you can see from the average scores for 23 industries. Knowing what similar companies have achieved helps you to set realistic goals for improvement, and realism is key to the long-term success of your program.

A decorative graphic on the left side of the slide. It features three concentric teal arcs of increasing radius, centered towards the top-left. At the bottom-left, there is a teal circular base with two palm trees growing from it. The text is positioned to the right of these elements.

Seasonal Resident Information

What you need to know!

Q. I am a seasonal resident and will not be in town during my installation, what should I do?

A: Seasonal residents can be installed when they return. Simply call your Blue Stream Fiber Community number seven days prior to your arrival.

Q. I am a seasonal customer. Do you have seasonal rates to put my optional services on hold at a reduced rate?

A: We do offer seasonal service rates. For TV and Internet, the season rate is \$8/month plus taxes and fees. For phones, the seasonal rate is \$6/month plus taxes and fees. Seasonal residents can put services on hold once a year for 2 - 9 months.

Q. Can I take my TV services with me when I go back up north or travel?

A: Yes, by downloading the Blue Stream Fiber App to an Amazon Fire Stick, Apple TV, or Android TV. Please note, local channels will not work outside of your local TV area due to FCC regulations.

How do connected devices affect my speed?

- How many connected devices do you have?
- It's important to consider the number of devices you have connected to your network and what internet speed you may need.
- Some examples of devices are computers, TVs, phones, tablets, and ancillary equipment like HVAC thermostats, doorbells, refrigerators, washing machines, security cameras, door locks, monitors, Echo and Alexa devices, pool pumps, pool water heaters, etc.

100-250 Mbps

E-bill, First Bill, Taxes and Fees

Understanding the billing process and billing cycle:

- Your first bill for any upgraded services will cover the cost of your first month. Please note that due to us following a standard bill-in-advance schedule, you will receive a second bill soon for your following month's services. This is normal. You'll then fall into a regular monthly cadence for future bills.
- If the resident signs up for an e-bill, they can save the \$7.49 monthly paper bill fee.

Here are our fees for those residents who add-on to their bulk package and what they cover:

Network Recover Fee \$6.99

(IF ADD SERVICE ABOVE BULK AGREEMENT)

Helps defray costs associated with building and maintaining Blue Stream's fiber-rich TV and broadband network and enables us to expand network capacity.

Broadcast TV Fee \$29.87

Blue Stream Fiber is mandated to pay broadcast fees to local TV networks as part of "Retransmission Consent" laws passed by congress in the Cable Act of 1992. Blue Stream Fiber absorbs most of the cost increase, but we pass on a portion of this as part of this fee.

Sports Programming Fee \$18.95

The fee is charged to all video customers who Expanded TV and above. Most sporting events are carried on popular networks like TNT, TBS, and USA and sports programming can't be segmented out from other content.

Taxes

Sales and other taxes are required to be collected by Blue Stream Fiber as part of normal local, state, and federal regulations. For more information on disclaimers, taxes, and fees, please visit www.bluestreamfiber.com/taxes-fees.

Customer Education Resources

Customer Education Resources

- **Welcome Booklet** walked through and left behind during install
- **Personal in-home training** during install
- **On-site group training** sessions
- **Online resource hub** with a variety of resources tailored to all learning styles
- **Instructional videos** with step-by-step instructions on how to master new services and features included
- *If additional support is needed beyond these comprehensive resources, an additional one-hour in-home training is available with a tech education specialist during the installation phase through two weeks after our go-live date.*

What is a Welcome Booklet?

The welcome kit is the most important customer education material during their installation phase.

Its contents are curated to include all necessary info about our products and services, preemptively addressing common questions, and reducing the need for support calls or trucks rolls.

Key Sections of the Welcome Booklet

Welcome & credentials log, table of contents

Top tips & tricks, TV Service, WTVE & the Blue Stream Fiber TV App

Internet service, phone service, FAQs, and Upgrade options available

What is the Online Learning Hub?

Our learning hub is like an online university filled with materials that you can use anytime!

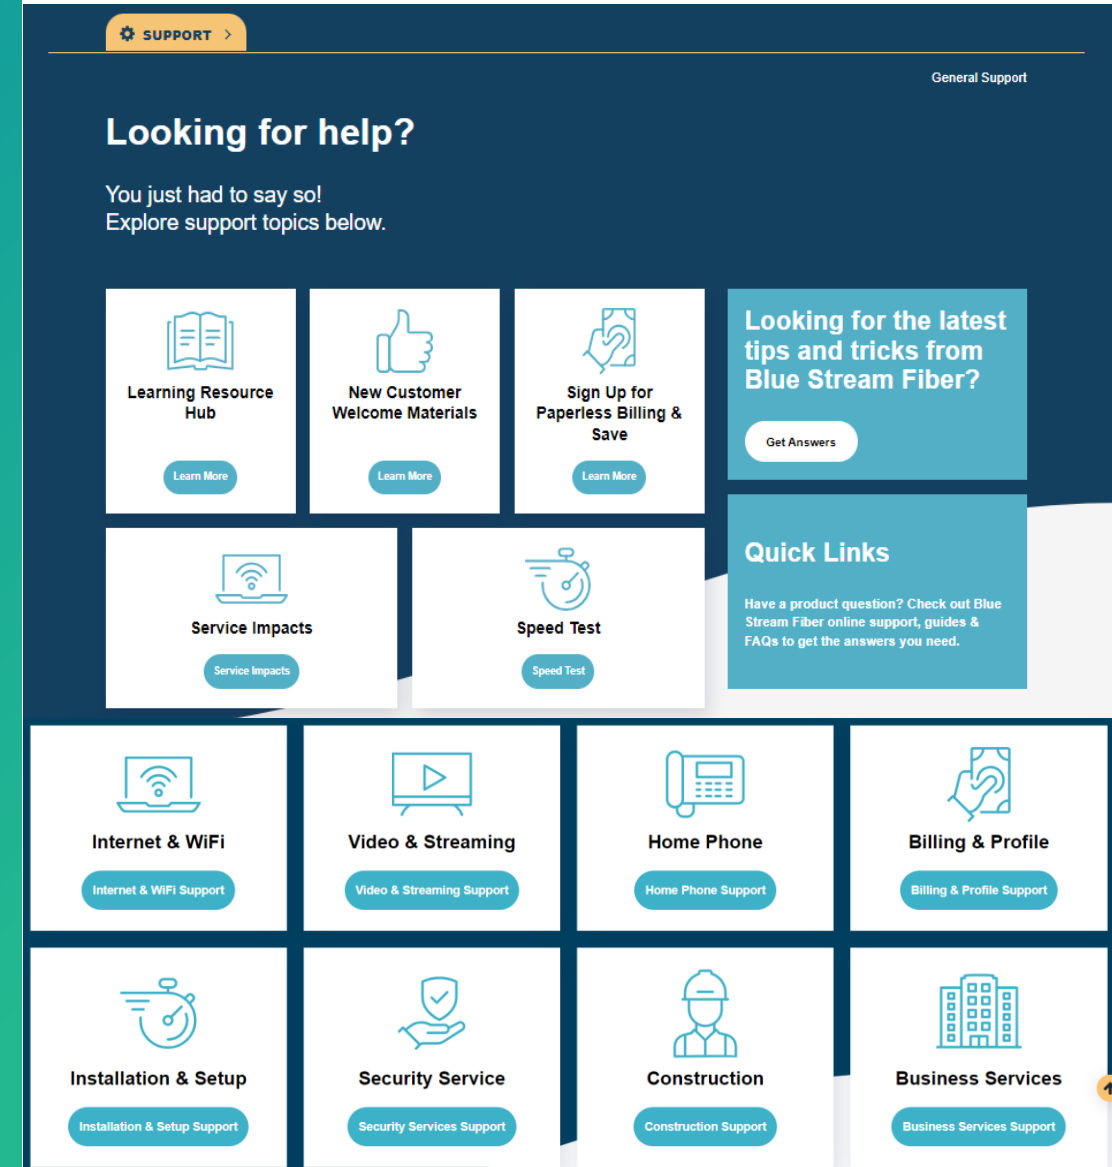

We encourage all customers to look here for common FAQs or easy troubleshooting tips prior to calling in to ensure the best experience!

Key Sections of the Online Resource Hub

Comprehensive guides for all products, step-by-step videos, FAQs, troubleshooting tips, and more.

Where can I find the Online Resource Hub?

The online hub is conveniently available on our website at bluestreamfiber.com/learning or can be reached by going to the support page on our site and then clicking on Online Learning Hub.
